The Prairie du Chien Country Club, founded in 1958, is a member owned public golf course located six miles south of downtown Prairie du Chien, WI in the beautiful Mississippi Valley region.

The facility includes a beautiful 18 hole golf course, full service golf shop, driving range, bar and grill, and three banquet rooms. The facility is always open to the public and employs a full time PGA golf professional, as well as an experienced golf course superintendent and a food and beverage manager.

In 2017 the Prairie du Chien Country Club converted an old cart shed into a rustic wedding pavilion which includes a tent for additional seating, a beautiful deck overlooking the golf course, and an attached trailer with nice modern restrooms. The feedback we have gotten on the pavilion has been phenomenal! On May 5th 2018 the club opened a brand new clubhouse which includes two banquet rooms, a spacious bar and grill, and multiple big screen TVs.

The Prairie du Chien Country Club is the perfect place to host your next special event whether it is a 300 person wedding, a business event, or a 20 person baby shower.
